

Please do not change anything that affects the Indiana telephone privacy law. It is unbelievable how many calls to sell windows come at dinner time. Couldn't sit down without having to get up and get the phone. When we first moved in our new home, we got call after call to sell us new windows, siding, furnace. They wouldn't take no for an answer and when you hung up on them so you could eat, they would call you back and explain how rude it was of me to hang up.

Since Indiana instituted the no call list, there are no more calls to sell me stuff I don't want. I consider this the "anti-spam" for the phone system. It works, don't try and fix something that isn't broke.

LEAVE THE RULES ALONE. INDIANA HAS DONE IT RIGHT AND ALL THE OTHERS SHOULD PATTERN THEMSELVES AFTER INDIANA.

THANK YOU.
